Which habits are the most important and why? Are all of them related to your future job?

Speak on your path to success: What habits I'd like to adopt and how I'll apply them (e.g. I'm studying electronics, so I've recently signed up for an online course in advanced circuit design. This will help me improve my technical skills and be better equipped for my future job.)

3. Give Ukrainian equivalents to the idioms:

- **A penny saved is a penny earned** – This means that saving money is just as valuable as earning more money, emphasizing the importance of frugality.
- **Living within your means** – Refers to spending only what you can afford, without going into debt or overspending.
- **Cut your coat according to your cloth** – Spend according to what you can afford, adjusting your lifestyle to match your income.
- **Money doesn't grow on trees** – A reminder that money is finite and should be spent wisely, emphasizing the value of financial discipline.
- **Nest egg** – Refers to money saved for the future, particularly for retirement or important future expenses.
